National Retail  
Construction Experts  
Excellence in Construction for 30+ Years

# Our Strength is in Your Standards

## Company Profile

DooleyMack Constructors of GA, Inc. was established in 1992 to meet the expanding needs of our clients by providing a quality, streamlined approach to the construction process. In 2008, the company opened a new branch office in Charleston, SC. To date, we have been able to complete a wide range of commercial, retail, and office/warehouse projects in over 40 states for many regional and national companies.

Through this experience and our ability to meet the client's needs, we have been able to obtain a high percentage of repeat business, which has added to our success.

We believe building these relationships with our client's, enables us to better understand their needs.

Through the years we have successfully completed all types of projects from new construction to remodel/renovations. We offer the flexibility to build new projects or renovate old ones. Many of our renovations are performed while the client is still operating their business. We realize that being a full service contractor to our client is of utmost importance.

# Working in Partnership

## Services

### Pre-Construction

DooleyMack offers pre-construction services such as plan review, value engineering, establishment of construction budgets and schedules. This enables us to partner with the client early on to ensure we meet their goals.

### Turn Key

DooleyMack performs site development and vertical construction for all types of projects including banks, strip centers, grocery, big box retail, and office/warehouse.

### Renovations

Renovations include everything from full store remodels to tenant conversions. Project sizes range from 1,000 – 200,000 sf. Many renovations are performed while the tenant is still in operations.

### Special Projects

DooleyMack has established a special projects division that handles small interior buildouts, and specialty projects. These projects usually have a limited scope of work over multiple locations such as bathroom remodels, pharmacy remodels, cooler/freezer additions, new signage, re-branding, and upgrades to meet ADA requirements.

### Design Build

Through our working relationships with various architects and engineers, we are able to assist the client from the design phase through construction and final completion.

# Commitment to Excellence in Construction

Exceeding the expectations of our clients is the central focus of our commitment to excellence. This commitment has earned DooleyMack a reputation for impeccable workmanship and on-time performance. It has also sustained our consistent growth. Size has not affected our relationships, since we always treat each client as though they were our only client.

The culture of our organization was developed around a set of operating principles that focus on achieving excellence by doing what is best for the client. We build on each experience and strive to learn all we can about the specific demands of your business and industry. Our goal is to be the absolute best at what we do, so that each project is a rewarding experience and we deliver the highest value to you.

# Operating Principles

- Always Do What is Best for the Client
- Exceed the Expectations of Our Client
- Do Whatever it Takes to be the Best
- Seek Understanding Before Seeking to be Understood
- Grow as Individuals as Well as An Organization
- Be Profitable, so We All Can Prosper
- Celebrate Others' Accomplishments Often
- Give Back by Helping Others
- Think Win-Win
- Have Fun!

We believe that people do business with people, not companies.

---

Our personal commitment to you is to exceed your expectations.

---

May we be of service to you?
